ghin Molds Him to from Start to Fin ish-His Mouth Bleeding from the Pull-Old Turfmen Greatly Astonished.

The Dwyers have another wonder in Hanover. When the colt won his first race this year, ten days ago, with three-year-olds, beat-ing Alcalde and other fast ones while running ing Alcalde and other fast ones while running under a double pull most of the distance, he made a fine performance; but when he won the Brookdale Handleap resterday from tried racers of all ages, including Dry Monopole, winner of the Brooklyn Handleap, veteran turimen grew wild over the exploit. Here was a three-year-old, running a month earlier than usual in this section, knocking over the idea that a horse of his age cannot beat older cracks in a handicap of more than a mile. Han-over was in the race at 107 pounds, but McLaughlin weighed 111, so the colt carried four pounds overweight. A rainbow illumined the background of the race course when the horses faced the starter. Several breakaways occurred before the flag dropped, in each of which Hanover bounded away at the head of the group as though he was after the fabled pot of money said to be buried under the end of the bow. McLaughlin pulled him almost double in his breakaways, and turfmen remarked, "That is bad for Hanover," When the marked, "That is bad for Hanover," When the shout went up, "They are off!" Hanover was held back firmly to prevent his running away from the field. He was in third place on passing the stand into the away from the field. He was in third place on passing the stand into the even mile, Buckstone and Burch setting the pase, and leading by four lengths past the quarter pole and along the backstretch, Burch began to fade away on the far turn, Hanover keeping up his pace while being held with all McLaughilin's strength. When the leaders swung into the homestretch and straightened out for home, the cry went up. See Hanover come! Hall way along the stretch he had an open lead of three lengths, still under the terrible pull. Donohue was punishing Dry Monopole, and the little horse made a game effort to challenge the son of Hindoo, but it was a pony after a horse. Hanover won by two lengths, in a santer, He ran the last mile of the race in 1:41. McLaughlin never even raised his whip. He had no chance or need to. His grip on the colt was not relaxed for a second from end to end of the race, Hanover's mouth was bleeding from the pull when eight thousand throats hailed him as victor. Air. Joseph Burks, for years a judge at horse races, said that the performance was a marvel to students of thoroughbreds, and Col. McCaull, who never misses a great race, remarked: "They have another Luke Blackburn in that follow." Editor Bowers, who, like The Sun, gave the correct tip for the race, declared that Hanover and Bensation were the greatest chestnut colts that ever raced. About half of the shouting throng of sight thousand had invested with the sixty book makers, who were for the first time doing a legal and rushing business, and the backers of the colt were doubly happy over the fact that he was the only favorite that won during the day. Hanover may start in the Suburban, and the query is. What horse can beat him? The races opened with a surprise. McLaughlin had the mount on the favorite, Mr. J. A. Horris's unbeaten colt Britannic. But when McLaughlin called on the colt in the last furiong he was crowded into a pocket and lost the race. Baxony, a lep-to-one chance, won. In the second race McLaughlin was in the saddle on the scot mile. Buckstone and Burch setting the

southern end of the city yesterday afternoon nearly 8,000 people sat in the sunshine at the Polo grounds and saw one of the most exciting and sharpest-played games in which the New York Club ever took part. Their adversaries were the big men from Detroit. Both clubs were in the finest form, and they tried about all the tricks known in base ball by which a man may be moved up a base. The spectators appreciated the neck-and-neck race, and yelled from the beginning to the end of the game, al-most shaming the thunder that came rumbling up from down town. It was a game not soon to be forgotten by those who saw it.

GLORY FOR THE NEW YORKS.

to be forgotten by those who saw it.

THE GAME.

FIRST INNING.—New York—Gore flew out to Richardson. Ward went out on a fly to Thompson. Connor hit for three bases, but died on third on O'Rourker's out from Rows to Brouthers.

Detroit—Dunlap hit a hot grounder, which Richardson got with one hand in time to throw the runner out at first base. Rows went out from Ward to Connor at first hase. Rows went out from Ward to Connor at first, and Brouthers flew out to Ward.

SKOOND INNING.—New York—Dorram flew out to Richardson. Danny Richardson went out at first from Rows to Brouthers, while Denaley got to first on a fumble of a grounder by White. Olilespie hit safe, and Keefe sot his base on balls; this filled the bases but Gore the next base on the base in the consistent of the cons

point broughs in Danap with the nist yan. Stouthers went to first on balls, and Thompson's fly was captured by Hove.

Fourn Innisc.—New York—Borgan dropped the ball just back of second hase, and Richardson was hit by the ball. Mallewin attempted to catch Dorgan at second more men on bases to move up. Desaley then came to the reacts with a neat, hit, bringing in Dorgan and sending Richardson to third. Gillespis also hit safe, allowing Richardson to core. Keefe popped the ball up in the air and Dunlap got under it drop in front of him, which enabled him to make a double play on Desaley and Gillespis. Over their went to drop in front of him, which enabled him to make a double play on Desaley and Gillespis. Over their went to first on balls but Ward closed the lanling by roing out at first from Dunlap to Brouthers.

Detroit—Richardson his safely for one base, and white hit a long sky scraper to Gove. Gove juggled the ball in the sir, and from the diamond it seemed that he had dropped it. Richardson went to second and took first. Gove quickly passed the ball to Ward, and it went couble and completing one on the fuest tricks ever played on the Folo grounds. Hanlong got first on balls, but O'Rourke threw him out to Richardson on second when he attempted to gteal down.

Firm Insunc.—New York—Connor opened the inning with a liner to White. O'Rourke flew out to Hanlon, and Dorgan was threw flows at first from Danlap to Brouthers.

Detroit—The visitors opened with clean hits by Ganzel

played on the Folo grounds. Hanlon got dres on balls, but O'Rourke threw him out to Richardson on second when he attempted to gteal down.

Firm invisio.—New York—Connor opened the inning with a liner to Whits. O'Rourke fiew out to Hanlon and Borgan was thrown jout at first from Danlap to Recuthers.

Firm landswin, while Danlap's grounder to Connor allowed them to move up a base. Howe followed with a clean single down over second base, which enabled Ganzel and Baldwin to come home. Hrouthers flew out to Gillespie, and the incing saded on a religiant eatch of Thompson's sky scraper by Dorgan.

Sixis Issiso.—New York—Denney dropped the ball just back of White, and Hardy Richardson gried to get it, but it went over his head and nested two bases. The hit was not costly, as Richardson attempted to steal to third and Ganzel threw him out to White. Dunlap captured Dessely's liner, and Gillespie struck out.

Detroit—Hardy Richardson got in his safe hit, but was forced out at second from ward to Danny Richardson. White in turn was forced out in a similar manner by Hanlon. Hanlon attempted to steal second, but hig Jim.

O'Roune had his yet on him, and the attempt was a first the structure of the day, insamuch as Tim Keefs, the weakest batter on the team, knocked out a home run. Tim knocked the ball into the right centre-field crowd, and it was blocked. Tim was coaxed around to third base, notwithstanding the ball was fielded in absed of him and he was touched with it. The 6,000 spectators, the umpire, and the New York players, by main force, the umpire, and the New York players, by main force, dragged him of of third base and rushed him home, and the umpire said "Not out." Then everybody cheered sagain, atthough it was quite certain that not had in him and he was touched with it. The 6,000 spectators, the umpire, and the New York players, by main force, of the pround knew what the play mean. The first had been been returned to the people on the ground knew what the play mean. The first had been been been been returned to

Brouthers.

Bidwin came to the bat, and with much distrust by the spectators Eeele gave him his base on balls. It did not prove costly, however, as dilespic captured Duniap's tong fly, Rowe was thrown out to first by Deasley, and Ward retired Brouthers at first.

When the ball was safe in Connor's hands on the last put out, the crowd roared out its ap-plause so loudly that it caused the great grand stand to vibrate like a tree in the wind, and

LADIES WATCH THE BILLIARDISTS Mr. Flangan Defeated by Mr. Morion—Mr. Soule Plays Fine Billiards.

The court of the Racquet Club, where the big club tourney for the national amateur bil-liard championship is being played, was filled with pretty faces and brightened with mil-linery yesterday afternoon. It was ladies' day at the tourney and a throng gathered to watch

Fianagan.
Young Orville Oddie, Jr., the dandy amateur from Brooklyn, played regular race horse billards in the final game. No one watched them with more cheerful interest than Mr. C. F. Jones, the jolly New Yorker who was the adversary of the handsome Brooklynite.
The score of the game was:
Mr. Oddie—2, 51, 2, 2, 154, 0, 32, 1, 0, 6, 14, 6, 21, 2, 0, 7, 300.
Mr. Jones—2, 2, 0, 2, 7, 1, 6, 0, 1, 0, 0, 4, 2, 6, 0, 1, 0—20. Averages—Mr. Oddis, 15 15-19; Mr. Jones, 2 1-5. Best runs—Mr. Oddis, 154; Mr. Jones, R. Referes—Mr. Edward W. Jeweit.
Today the players will be Mr. Jones and Mr. Soule in the arternoon, and in the evening Mr. Soule and Mr. Oddis and Mr. Norten and Dr. Jennings.

A Great Showing at Heavy Bass Casting-

At the second and last day of the fifth annual tournament of the National Rod and Reel Association yesterday at Harism Mere, 110th street and Fifth avenue, there were five events. The first was single-hand fly casting by amateurs. Dr. George Trowbridge cast 85 feet, equalling the best amateur record, made by R. C. Lecnard in 1882. Dr. Trowbridge failed, however, in delivery and accuracy, and received 12s points and the second prise, a silver plated net ring and handle, worth \$15. The first prise, a split bamboo fiv rod, worth \$35.

case, won by J. L. Cornell, who cast 92 feet and scored 100. Finally, B. N. Crawford cast 75 feet, scored 77, and won a fly book.

The third contest was single hand fly casting by experts with light rods. R. C. Leonard was first with refered to the second of the secon

of 100.1. Sidney Fry's average was 100 0, and Gonzales Flowy's, 18.

Finally, nine angiers stepped forward to struggle for seven prizes for fly casting for black bass with light rods. It is a new class. G. G. Levison cast 60 feet and won a 825 gold medal. Dr. George Brownings casting feet and received the control of the

day. It is now issued by Thomas Manning, who pur chased the right of publication from Steward Nells Olsen of the New York Yacht Club. The list contains the names of 2,021 yachts, 700 more than last year? list. It contains a heap of nautical information, and takes in the ice yacht club.

Brown of Tottenville is building for Capt. I. J. Merritt a St-foot shoop yacht, designed on the model of Capt. Merritt's former yacht Bessie B., the champion of the Harlem Yacht Cim.

Commodore H. P. Pearson's new sloop yacht the Gerirde was launched yesterday morning at Polition's yard foot of Clinton street, Brooklyn. Little Miss Pearson christened her. She is the flagship of the New Jersey Yacht Club.

THURSDAY, May 26.
There was a moderate increase in the volume of trading to-day, due principally to the more extensive speculation in Beading. This was based upon the progress that has been made toward an adjustment of the differences between the Reading Company and the Schuylkill Navigation Company, which it leases. It is reported that this matter has been substanis reported that this matter has been substantially disposed of, and those in a position to form a correct conclusion upon the subject express the opinion that it will be followed by an adjustment of the other leases of the Reading Company. Reading was firm in the early dealings, and active and strong in the afternoon, closing 1× F cent. higher than last night at the highest prices of the day. A good deal of the buying seemed to be of a significant character.

The effect of the movement in Reading upon the rest of the list was beneficial. It certainly served to direct fresh attention to the coal stocks, which have been neglected for some time. The street is beginning to realize that, while there is no formal agreement among the coal companies, there seems to be an excellent

stocks, which have been neglected for some time. The street is beginning to realise that, while there is no formal agreement among the coal companies, there seems to be an excellent understanding as to the policy that will best conserve their common interest, and this is being reflected in a firmer market for their product. The fact that the first installment of the assessment upon Reading is due June I has doubtless tended to repress speculation in that stock. Meanwhile it is a fair assumption that the stock has drifted into the hands of people who are able and willing to pay the assessment.

New England was second in point of setivity and very firm within unusually narrow limits. In fact, the total transactions, some 15.500 shares, were made within the limits of \$ \$ cent. There seemed to be a good deal of realizing in Consolidated Gas, which was third in point of activity, and was an exception in closing considerably lower. The dealings in other stocks were very moderate. The only ones that can be noted, both for their activity and strength, were Lake Shore, St. Paul, and Western Union.

Among the specialities the upward movement in St. Paul and Duluth common continued, carrying the price to 90 and leaving it 3½, cent. higher than vesterday at 88. The San Francisco stocks were more active and higher, and so was Denver and Rio Grande preferred, at a net gain of 1% cent. There was a fair volume of business in Oregon Improvement, with the result of adding 1% cent. The preceded of the sale of \$2,000.000 of preferred stock. Alton and Terre Haute common was unusually active at an advance of 5 cent. In the Unitated Department the feature was the introduction of dealings in Kingston and Pembroke Iron Mining stock, which was extensively traded in at \$2.5 to \$6 \$ share, closed stock. Alton and Terre Haute common was unusually active at an advance of 5 cent. In the Unitated Department the feature was the introduction of dealings in Kingston and Pembroke Iron Mining stock, which was extensively traded in at \$2.5 to \$6 \$

The rate of discount in the open market in London is % we cent, for short bills and 1 % cent, for three months bills. The builton in the Bank of England has increased £207,000 during the past week. Paris advices quote 8 % cents at \$1.17%, and exchange on London, 25.21. The weekly statement of the Hank of France shows an increase of \$.775,000 francs in gold and 2,000,000 francs in silver. The atnuement by the Imperial Bank of Germany shows an increase in specie of 14,940,000 marks.

The Governing Committee of the Stock Exc. The Governing Committee of the Stock Exchange has referred back to the Sub-Committee on Stock List the application to list bar sliver certificates. This was done in order to secure more time for a fuller consideration of the proposition to establish a formal market for sliver.

for silvor.

It is understood that Mr. Henry Hart, in his recent campaign that resulted in his control of the Pacific Mail Steamship Company, has incurred Mr. Jay Gould's disapprobation by leaving Mr. J. B. Houston out of the directory, in addition to forcing him from the Presidency, in consequence the organization of the new Board of Directors is in statu quo, as Mr. Hart's programme was to make Mr. George J. Gould President.

The reported proceedings against Means

Gould President.

The reported proceedings against Mesars. Gould and Sage in their capacity of trustees of the Kansas Pacific Railroad consolidated mortage, to which reference was made this morning, proves upon investigation to amount to little more than the talk of some people whose appearance as plaintiffs would not be very impressive.

The production of anthracite coal for the week ending May 21 was 575,200 tons, as against 648,710 tons last year, and for the year to date 12,439,916 tons, as against 11,447,877 tons last year. The Coal Trade Journal says: "The trade is in good shape. Dealers are holding off, expecting lower prices, while the companies are firm in holding to prices. There is little mining, the companies working off the accrued supply."

The Chicago, Burlington and Northern Rail-road, which seems to have been largely respon-sible for the possibility of a row over rates among the Granger roads, has given notice of a postponement of the operation of its with-drawal from the Northwestern rate agreement until after the meeting of the managers of the Granger roads on May Si.

Se Trave, from New York, at Southampton.

Bitters, he feels renewed interest in his personal safety. This fine corrective neutralizes in brackish water—often compulsorily drank on shipboard, to the grievous detriment of health—the pernicious impurities which give rise to disorders of the stomach, liver, and bowels. To to the mariner, the tourist, the Western pioneer and miner, the Bitters is invaluable as a means of protection against malaria, when its seeds are latent in air and water. To the effects of overwork, mental or manual, it is a most reliable antidote, and to the debilitated and nervona, it affords great and speedily felt relief and vigor.

**Good Health** 

Tou cannot have without pure blood; therefore, to keep well, purify the blood by taking Hood's Sarasparilla. This medicine is peculiarly designed to act upon the blood, and through that upon all the organs and tissues of the body. It has a specific action also upon the se-cretions and excretions, and assists nature to expel from the system all humors, impure particles, and effet mat-ter through the lungs, liver, bowels, kidneys, and skin. It effectually alds weak, impaired, and debilitated or-gans, invigorates the nervous system, tonse the diges-tion, and imparts new life and energy to all the func-tions of the body. A peculiarity of Hood's Baraparilla is that it strengthens and builds up the system while it eradicates disease.

"I had salt rheum on my left arm three years, suffer-ing terriby: It almost disabled me from work. I took of the body. It has a specific action also upon the se

ing terribly; it almost disabled me from work. I took three bottles of Hood's Sarsaparilla, and the salt rheum has entirely disappeared."—H. M. MILLS, 71 French st.,

CRIMINAL CARELESSNESS.

sees the Appailing Disasters Which

inent lady of Brooklyn who is visiting relative n Chicago suddenly fell insensible upon the sidewalk last week while quietly walking along State street. The physician summaned. When it was found she was suffering from vertigo, brought on by summer complaint caused by drinking water. The deaths, the cickness, and the suffering caused by hot weather, bad water, and improper food are something frightful. Men, women, and children go along from day to day, thoughtiess of the summer dangers around them, until finally they are Evil is in the air. All animal life is moving. Birds are plentiful, insects innumerable, and disease germs are in every square inch of atmosphere. These infinitely small animals (many thousands of which would not occupy the space of a pin head) lodge on the mucous membrane of the throat and cause diphtheria; lodge in the stomach and cause dyspepsia; lodge in the bowels and cause pholera morbus.

that these germs can be killed in only one way: by using pure spirits. The first remedy given any person who is overcome by sudden sickness is brandy or whiskey, usually the latter. It kills the disease germs instantly, and gently stimulates the faculties to healthy action. Pure whiskey is indispensable to any well-regulated household, and it is an unquestioned fact that no spirits now known to the public equal in value Duffy's Pure Malt Whiskey. The well-known chemist, Prof. Henry A. Mott. Ph. D., writing on the subject says: "A most careful analysis has shown me that Duffy's Pure Malt careful analysis has snown me successful or foreign Whiskey is free from fusel oil, adulterations, or foreign Whiskey is free from fusel oil, adulterations, or foreign impurities, and these qualities should recommend it to the highest public favor." Speaking on the same subject, Mr. P. E. Spinner, late Treasurer of the United States, says: "I conour in the endorsement of all that has been said of Duffy's Pure Mait Whiskey."

When taken in time or when the body is braced to resist summer sicknesses there is no danger, but when they once obtain a foothoid it is very serious. Duffy's Mait Whiskey is the only worthy preparation in the market, and has stood the test of time, although surrounded by numerous unworthy imitations. Beware of

rounded by numerous unworthy imitations. Beware of any other bottled whiskey which may be offered to you.
